

# REMARKS

In the Office Action mailed on July 12, 2005, the Examiner required that applicant elect one of the five groups of claims specified in a restriction requirement.

In an effort to expedite the prosecution, applicant has cancelled claims 1-89 originally submitted and has substituted newly added claims 90-116. Claims 91-116 are all dependent upon the single independent claim 90, eliminating the problem addressed by the outstanding restriction requirement.

This response is accompanied by an Information Disclosure Statement that is being filed before the first action on the merits to identify additional prior art.

Respectfully submitted,

Charles G. Call, Reg. 20,406
